Universal Card Fee Passes in Senate

SAN FRANCISCO STATE COLLEGE

The Golden Gater

Vol. 53s, No. 2 San Francisco, California July 6, 1951

Opposition of Senate to Measure Overcome By 31 to 6 Vote; Awaits Only Governor Warren's Signature

By Vic Spingolo

After being defeated once the hotly contested Universal Student Body Card Bill passed the California State Senate with the required amendments by a vote of 31 to 6 on Saturday, June 23, 1951, and now awaits only Governor Warren's signature before becoming law.

With the passing of this Bill goes the financial headache of long standing that many colleges and other institutions have had to contend with. The crowning blow to the financial structures was the withdrawal of payment for veterans student body cards. Under the new set-up it is almost assured that the Veterans Administration will resume payment because of the necessity for each student to purchase a student body card.

Main Points.

The four outstanding points of the Bill are: 1. the Universal fee may be put in effect whenever two-thirds of the student body so desire; 2. if the fee is not desired a petition signed by 35 per cent of the registered students shall initiate a referendum; 3. any student may elect to work in exchange for a student body card at the prevailing rate paid student employees; 4. the membership fee for the associated student card shall not exceed $20 per year (the proposed fee here is $6.50 per semester).

Great Advantages.

According to student leaders the Universal Card will have advantages which far exceed the disadvantages which the opposition to the measure have put forth. Robert Katz, administrator of student affairs here, said, "The Universal Card will enable the Associated Students to carry on activities which will appeal to the student body as a whole instead of merely certain groups. Besides this the new set-up will give a sound basis for budgeting, which has long been troublesome for student government. In addition to this the measure, in time, may enable the student body of State to construct a student union."

Katz went on to say that the new Bill will be the means for providing the strongest and best student program State has ever had. "It should be a tremendous boast to student interest and moral and will enable us to go forward to greater things in the future."

Rose Colored Glasses.

Though the student leaders probably have a greater reason to put on a pair of rose colored glasses, statements by college administrators show they feel very much the same way. Perhaps the most explicit was Dean Johnson who summed up his statement by saying, "I think it's a damn good thing."

Before this outburst of enthusi-

(Continued on Page 4, Col. 1)

Weak Student Body Card Sales May Cut Activities

Since the sale of student body cards are substantially lower than last summer, it is strongly urged that every student buy his card now, so all the planned activities may be continued for a successful summer, Jack Healy, business manager, urged yesterday.

The last report from his office shows that by investing two dollars in a student body card now, you will save from forty to sixty dollars this summer session.

All veterans under public law 16 are entitled to a student body card free, as well as State veterans if they desire. Veterans may get their cards in College Hall 111. Other students may purchase the card in Hut 4-A, Healy continued.

Some of the advantages of owning a card are as follows: Street car tickets are at a 50 per cent reduction regardless of age; a 10 per cent discount on cafeteria purchases in the form of script books; reduced admission on light opera series; free radio and T.V. shows; free services of health center; free P.O. box and check cashing service; and free issues of the Golden Gater.

Provisions of Bill

1. **The Universal Student Body Card may be put in effect whenever two-thirds of the student body show their approval by voting in favor of it.**
2. **Any student may work for his student body card at the prevailing student employee rate.**
3. **The Senate Bill provides that the annual associated student body fee shall not exceed $20 per year.**
4. **At the beginning of next fall the Veterans Administration will again pay the student body card fee for veterans.**
5. **The Universal Student Body Card Fee will go into effect at the beginning of the Fall '51 semester.**

Big Drop in Registration

Final registration figures for the current summer session on this campus show a total enrollment of 3500 students. This figure is 600 below last year's record of 4100, and eliminates original hopes for setting a new enrollment record for summer sessions.

Despite the fact that a complete General Education program is being offered for the first time during a summer session, lowest enrollment is in the lower division area.

College officials attribute the 12½ per cent drop to the increased number of job opportunities available to students this summer, and to the continued enlistment of male students in the armed services.

Enrollment at the off-campus sessions remained consistent with figures from past years. At Modesto, Santa Rosa, Santa Cruz, Concord, and Pond Farm, cumulative totals reached 624 students.

Social Calendar

Thursday, July 5—

Poetry Hour, 3 to 4 p.m., Activites Room, College Hall 109.

—Boat Trip on Steamship General F. M. Cox, followed by dinner at Fisherman's Wharf, Pier 43½, 5:45 to 7 p.m.; boat trip $1.15, dinner $1.50.

Monday, July 9—

"Elephant Train Ride" through Golden Gate Park and other points of interest, 2.30 p.m.

—"Ice Follies" at Winterland, Post and Steiner Streets, 8 p.m., price $2.40.

—Last day to make reservations in Hut 4A for: "Hungarian Quartet," scheduled for July 17; Tour of California Palace of the Legion of Honor, scheduled for July 17; Tour of KGO TV Studio, scheduled for July 18; Boat Trip on San Francisco Bay, scheduled for July 19; Tour of Chinatown, scheduled for July 16.

Tuesday, July 10—

Tour of deYoung Museum, Golden Gate Park, 2:30 p.m.; "Bloomer Girl," Opera House, 8 p.m., price $2.00.

Editorial

There is a bill laying on the Governor's desk at this very minute requiring only his signature to become a law in the State of California, which not only discriminates against a minority but could eventually lead to a real life enactment of something like George Orwell's novel, "1984."

As in Orwell's novel this measure would put state college employees in the same position as parents continually watched by their party indoctrinated off-spring for signs of anti-administration tendencies.

The bill reads as follows: Dismissal proceedings for any of the causes specified in a previous section shall be commenced by the Director of Education or president of the college in which such employee is serving upon the filing by ANY PERSON, of a complaint accompanied by an affidavit stating facts which, if established by competent evidence (what is competent evidence and who will decide this?), would constitute grounds for dismissal under the same previous section.

This means that by the simple act of filing even an unsubstantiated charge, any malicious or disgruntled student, parent, or perverse layman could start the machinery of dismissal proceedings.

As has been demonstrated in the past the mere and unreliable finger of accusation and the following degrading proceedings means irreparable damage to a person's personal reputation, as well as his professional status.

Anyone who has given some thought to the problem will agree that we must be on guard against communist infiltration of our educational institutions but the passage of this bill is not the solution.

This measure, Senate Bill 1836, introduced by Senator Kraft, does not show clear thinking or the ability to visualize the effects such a law would have, not only on the group it discriminates against, but the people it seeks to protect. No one can put forth an honest effort or do efficient work when watched like the proverbial fish in a glass bowl.

In this instance it is felt that besides the injustice being done to state college employees, perhaps an even greater injustice is being imposed on the student and his right to an unbiased and completely unrestricted education now and in the future.

STUDENTS TO GO PLACES

Entertainment at Low Rates

Tickets at reduced rates, as well as a few admissions free for entertainment and cultural events in San Francisco are available to Summer Session students who sign up early. Information about sign-up and tickets may be obtained at the Associated Students Business Office, Catherine Wilson, director of recreation, said yesterday.

To be assured of reservations, it is necessary that sign-ups be made one week prior to the date of the scheduled event.

Shows, tours to museums, visits to radio and television studios, and a cruise on the bay are included in the summer calendar.

The following plays are being given at the War Memorial Opera House, price $2.00: "Bloomer Girl," for July 9 and 27, are $2.40; and to the "Hungarian String Quartet," July 3 and 17, $1.80.

Two tours of Old Chinatown, including a Chinese dinner, have been arranged for July 2 and 16, starting at 5:30 p.m. for $2.25. At least twenty-five persons must sign for each tour.

A limited number of free tickets will be available to those who sign up early for the "Treasure Tune Show," KCBS Broadcasting Station; "Hoffman Hayride," KGO TV Studio; and "The Standard Hour" Symphony Concert.

Dates for seeing "Italy at Work", the art show at the M. H. deYoung Memorial Museum in Golden Gate Park, are July 10 and 24.

An "Elephant Train Ride" in Golden Gate Park and to other points of interest with dinner at the Cliff House is scheduled for July 9 and 23. The cost is 75c for the round trip, or 35c one way. These trips are scheduled for 2:30 p. m.

The trips for the cruise on San Francisco Bay aboard the S.S. General F. M. Cox are scheduled for July 5 and 19, leaving from Pier 43½ at 5:45 p.m., to be followed by dinner at Fisherman's Wharf. The cost of the trip will be $1.15, whereas the price of the dinner will depend on the individual.

Also tours to the California Palace of the Legion of Honor and Lincoln Park, have been arranged for July 3 and 17, at 2:30 p.m., for the viewing of permanent and current art exhibits.

For a list of scheduled tours and detailed information about time and place, consult the social calendar on page one. Copies may be obtained in Hut 4-A or Room 105, College Hall.

Campus Social Activities Set

The San Francisco State Alumni Board has planned several activities for the summer, Olga Perkins said Tuesday.

The first will be a Coffee Hour in the Activities Room on Thursday, July 12, 2 to 4 p.m.

It is hoped that all former Staters will make it a point to attend and to renew old acquaintances, and to help plan additional activities of the kind they would like for the rest of the summer, she added.

The second Coffee Hour will be held Thursday, July 26, Activities Room, 2 to 4 p.m.

There will be a summer session dance in the Women's Gymnasium on the new campus on Friday, July 20, 1951, at 8 p.m.

Arrangements are being directed by Sharon McDonald, vice-president of the Associated Students.

if your sautee is naughty and your souffle suffers;
If you stew in your own juices, and have to fry, fry again;
If your hors d'oeuvre is a horse on you, and your chef d'oeuvre an empty shell;
If your joy of cooking has turned to Betty Crockerdile tears, and
If your home and garden is no better than it it should be—
Then run for the

LUCE TALK

By DON LUCEY, Sports Editor

Many students seem to harbor the delusion that during the summer ports here at the college go into an eclipse. It certainly is true that all intercollegiate activities are at a standstill until early fall when football emerges from its shell and flexes its now enormous muscles. Nevertheless, there is ample opportunity to participate in nearly all your favorite sports in an intramural fashion. In fact, to be completely frank, the summer offers for the average student with an average interest in sports a far better opportunity to participate fully than does either of the regular semesters. This is certainly not hard to understand. During the fall and spring terms the enrollment here at State numbers over 5,000 and competition for all sports is terrific.

This, however, is not the case at this time. Quite the contrary is true. Every effort is made to see that all who are interested in playing sports participate as much as they like.

EVERYTHING NEW

Really, it shouldn't be a tough job to sell anything doing with sports at this stage. Looking around at the general setup, State College is in probably the most advantageous position it has ever found itself. To those of you who have enrolled for the first time this may come as quite a surprise when you look around the present school facilities at our Buchanan Street location.

But the Physical Education Department has had its dreams brought to reality with the completion of one of the most modern and beautiful athletic plants to be found in California. In case any of you now attending the school are unaware of this new development in State's expansion program, you should avail yourself immediately of the opportunity to inspect the fine facilities that are now in use.

If you have classes out at the new campus, then it's no trouble at all. If not, just hop on one of our rickety streetcars sporting a capital "M" on its roof and enjoy a scenic ride through the Twin Peaks tunnel, down West Portal Avenue and out into the Lakeside District. Get off at 19th Avenue and Holloway, point your feet westward, go by the Foster & Kleiser sign with our boy pointing the way to "The New Home of San Francisco State College." Stay on the road but watch out for steamshovels on the way. You might get a few tons of good American soil dumped on you and then find yourself being hauled away in a dump truck. If you get by all these hazards you won't have far to go. When the paved road suddenly ends and you find your swell looking shine job on your shoes covered with dirt, you've finally arrived.

END OF THE LINE

Look around. This is it.

On your right and looking east are the two women's playfields, where the girls can cavort to their heart's content.

Looking to our right still and to the north, going west in three separate terraces are the combination football and track field, the baseball field, and on the lowest level is Lake Merced.

On the south is the "asphalt and concrete jungle" that comprises the gymnasiums (two), swimming pool, handball and future tennis courts, classroom, dance studio (what?), cloak and corrective rooms, combative and gymnastic section, and offices.

And that ends our guided tour for today, folks.

Hoopsters Face Toughest Schedule in State's History

By Herb Colton

"We're going to roll next year." Pretty strong words to come from Dan Farmer, a man destined to lead the State quintet into the roughest basketball schedule slated in the college's history. Still, the man may have something there with the likes of Kev Duggan and the possibility of Bob Liebe leading the attack against schools like the University of California, Arizona, San Jose, and Utah, the power of the Rockies. And it may well be a banner year if Liebe can be definitely cleared on a transfer technicality from San Mateo J. C. last winter.

Although the Golden Gators have no league pennant to shoot at this year, there is the National Tournament at Kansas in which our boys are assured a spot as the Bay Region independent representative on the strength of the excellent performance last year. A one-year waiting period is necessary for State to be admitteed to the revised five-school loop, including Cal Poly, San Diego, Santa Barbara State and Pepperdine.

Tentatively, Coach Farmer looks to court a team that will much resemble the one that finished the season as a Western participant in the Kansas National Tournament. Thus far, little court talent has enrolled that is varsity caliber, outside of Bill Gibson, last year stalwart from Mission High.

Looking down the roster we find many of the names that led State to the championship of the Far Western Conference last year. In the center spot will be Kev Duggan. In the event Liebe fails to get a clear bill of sales to fill the forward position, Duggan can expect much of the harsh treatment he received last year from the opposition.

Other forwards to fill the bill will be John Walsh, Gil Mayfield, Al Desin and Gibson. The guards, as proved last year, will definitely be short on height and long on speed. This may hurt the Gators as they come up against the major teams in the nation who boast in having tall men to cover the backboard. Dick Farley, Roy Weisser, Al Athanasopoulos and John Burton are the foursome that will be called upon to cut the giants down.

Gator Gridders To Play Rugged Ten Game Series

Fall 1951 will present the Gator gridders with the longest and most rigorous schedule in the history of the college. Ten games have been scheduled, including State's toughest opponents of past years.

Most noteworthy of the teams, which will oppose the Gators is their Pear Bowl opponent of last November. The Lewis and Clark "Pioneers" soundly laced the locals, 65-7, ending an otherwise successful season on a sour note.

Football practice will begin on August 27. Coach Joe Verducci revealed. All interested should contact Verducci before summer vacation ends, and leave their address.

The "Pioneers" will be hosts to the Gators in the opener on September 15. Fortunately for the Staters, many of last year's stars were graduating seniors. Among these was Reuben "the Tank" Baisch, who was proclaimed pro material by Coach Joe Verducci.

Two of the strongest Far Western Conference teams, Cal Aggies and Chico State, remain on the Gators' schedule. In 1950 both teams were close contenders for the Conference title, which the locals won.

Following is a complete schedule. All games are night games, with the exception of the Chico State game scheduled at Chico. State's home games are played at Cox Stadium.

Sept. 15—Lewis & Clark, there.
Sept. 20—San Diego State, here.
Sept. 22—Whittier, here.
Oct. 5—Los Angeles State, here.
Oct. 13—Chico State, there.
Oct. 19—College of Idaho, here.
Oct. 26—Open date.
Nov. 2—Alameda NAS, here.
Nov. 9—LaVerne, here.
Nov. 16—Cal Aggies, here.
Nov. 24—Fresno State, there.

Recreational Swimming At the New Campus Pool

The Physical Education Department announces that recreation swimming at the pool will be from 3:30 to 6:00 p.m. Monday through Friday. The new pool is located on the Campus at 19th Avenue and Holloway and may be reached by taking the school bus or the "M" street car.

More on Passing Of Univ. Card Bill

(Continued from Page 1)

asm Dean Johnson said, "Perhaps the most important function this Bill will have is the tying and holding together of student activities. Another facit of tremendous value will be the increase in student activities which are an integral part of the curriculum here,such as: creative arts and the drama department; student government and social science; and journalism and student publications."

California Comes From Behind.

With the passage of the universal card bill, California becomes the forty-eighth and last state to enact compulsory student body card legislation. Eighty-eight per cent of the upper level institutions in the country have had the Universal Card prior to the California adoption of the measure, including several colleges in this state.

The University of California at Los Angeles and Davis have operated under the Universal Card system since 1934, and Santa Barbara has enforced the measure since 1948.

Change of Heart.

Current adoption of the Universal Card marks the second time California has decided affirmatively on the measure. The Universal Card was a requirement in all California State Colleges from the early 1900-1910 period, through 1937 when the attorney general ruled that the measure would have to be approved by the state legislature before it could continue as a compulsory matter.

Approval of the legislaturue was delayed because of the then high participation of students in school activities. The pre-war years and the actual war period made the Universal Card unnecessary since student suport of the college remained at a high peak before, during, and for a short period after the war years.

A Shaky Basis.

The Universal Card measure and the attorney general's still existant decree came back into focus in the summer of 1950 when the decision of the Veteran's Administration to cease payment of student fees for ex-G. I.'s cut deeply into the financial activities of the various State Colleges. Without the assured income of an important portion of the student body, State and other colleges found they were operating on comparatively shaky basis. The financial security of the Universal Card Bill became an important goal.

Action for reinstating the compulsory card was started late last year by the students of California State Poly Tech.

State College's library has a collection of official government documents which numbers 6200.

All Students

New Regulations on Class Attendance

1. Regular class attendance is expected; and students are responsible for informing their instructors of the reasons for absence and for making arrangements to fulfill their class obligations.
2. When a student's absences in a course exceed the number of units allotted for the course, the instructor will report the name of the student to the Student Personnel office for investigation.
3. Students who drop out of college should file a Withdrawal Card in the Registrar's office. Students who discontinue their attendance without making their withdrawal official by following this procedure will not be eligible for readmission except by action of the Deans' Committee.

VETERANS—ATTENTION

1. The College's contract with the Veterans Administration requires the Business Office of the college to report all veterans on the G.I. Bill (both P. L. 346 and P. L. 16) who have excessive absences from class. For the Summer Session "excessive absences" has been defined as four or more absences from any class.
2. Veterans on the G. I. Bill are especially urged, therefore, to be conscientious in class attendance and in informing instructors as to the reasons for absences which are unavoidable because of illness, etc.

This is very important to veterans in retaining their G. I. benefits.

Dr. Theodore Treutlein, who has recently returned from Europe, will give a 40 minute talk on Austria, Wednesday, July 11, at 2 p.m., in the Activities Room, College Hall 109, Kathleen Wilson, recreation director, said yesterday.

Following the talk, there will be a 10 minute discussion period, followed by a tea.

New Bill Grants Instructors Study Leave With Pay

A leave of absence with pay will be granted to state college instruntors as a result of a new bill unanimously passed by the state legislature. Under this bill a faculty member who has been employed full-time in a state college, for at least six consecutive years will be entitled to a paid leave of absence for the purpose of study or other self-improvement approved by the Director of Education.

Not more than one leave in every six years will be granted to any one instructor, and no more than 5 per cent of the eligible faculty of any state college will be granted leaves in any one year.

In the campaign for this bill the approval of several organizations composed of faculty and administration of the California state colleges was gotten, and Vice President for Business at the University of California, James H. Corley, spent much time in the Capitol to get the bill passed.

Senator O'Gara introduced the bill into the Senate and worked diligently to insure its acceptance.

Assemblyman Arthur H. Connolly, Jr., of San Francisco, handled the bill in the Assembly, where it was passed unanimously, as it was in the Senate.

Georgian Poets Slated For Discussion Today

The reading and discussion of three major Georgian poets is slated for July 5th from 3 to 4 p.m. in the Activities Room, located on the main floor of College Hall, according to Robin Blaser of the Language Arts Dept.

The progra mwill consist of the works of Thomas Hardy, D. H. Lawrence, and W. B. Yates, novelist-poets.

There are no requirements for admission.

A complete schedule of forthcoming discussions may be had at A. S. office.

State Art Exhibit At Museum of Art Until July 8

The art department of the San Francisco State College is currently holding an exhibit at the San Francisco Museum of Art, Dr. H. E. Green announced today.

The exhibit, titled "Art in General Education," will be on display until July 8, Green added. Interested faculty members and students are invited to see the display at the Civic Center War Memorial Building.

In connection with the N. E. A. Convention, the exhibit will be used as bases for a panel discussion on Monday, July 2.

On July 16, Green continued, the art department is putting its art exhibit on one of the San Francsco Examiner's display windows. This exhibit is being designed and planned under the chairmanship of Alex Nepote, college instructor of art here, Green said.

Jack Healy Replaces Lewis As Business Manager Here

Jack Healy, Associated Student treasurer last year, took over as Business Manager on June 15, as a result of the appointment made by the Board of Control on June 12, Don Johnson, Associated Students President, said last week.

Healy, an accounting major, graduated from State in June, 1950. He came to State from Lowell High School and holds a general secondary credential and a public accountant's license. Healy also worked for two and a half years as cafeteria bookkeeper, was president of Delta Phi Gamma and the Newman Club, and was treasurer of Sigma Alpha Eta.

In the future, Healy plans to work in administration either in high school or in college.

Healy replaces Ralph Lewis, who left for Europe on the 12th of June. Lewis received the Fullbright Scholarship for study in Europe.
